# Stormwater Quality Permit Application

- Grading Permit Only
- Stormwater and Grading Permit
- SWMP reviewed and approved by City of Lafayette

1290 South Public Road, Lafayette, CO 80026 303-661-1277

Review the City of Lafayette's (City) Stormwater Quality Ordinance ([Article III of Chapter 104 of the Code of Ordinances](#)) for complete Stormwater Quality Permit Application requirements.

The Project Owner or Contractor shall submit the Project's construction stormwater site plans for all applicable construction activities for City review, prior to the start of construction activities. Construction stormwater site plans include grading, sediment and erosion control (GESD) plans; stormwater pollution prevention plans (SWPPPs); drainage reports; drainage plans; and stormwater management plans (SWMPs).

**CONSTRUCTION ACTIVITIES SHALL NOT PROCEED UNTIL PERMIT APPROVAL IS RECEIVED FROM THE CITY AND THE CITY REVIEWS THE PROJECT'S CONSTRUCTION STORMWATER SITE PLANS.**

## Terms and Conditions

By signing below, you agree to comply with all conditions of the City of Lafayette Stormwater Quality Permit and any applicable sections of the City of Lafayette Municipal Code of Ordinances.

A COR400000 Stormwater Discharges Associated with Construction Activities Permit Certification (stormwater general permit) or Permit Waiver is required from the Colorado Department of Public Health and Environment for any project that will disturb one acre or more; or is part of a common plan of development or sale; or is designated by the division as needing a stormwater permit because the discharge contributes to a violation of a water quality standard or is a significant contributor of pollutants to state waters. This Stormwater Quality Permit application shall include documentation of an application for a CDPHE stormwater general permit.

The applicant may be required to provide security in the form of cash escrow or an irrevocable letter of credit in the amount of the estimated cost of the work plus 25% for administration / engineering /contingencies. If the Permittee does not successfully complete all required work or violates any requirement of the permit, the City may take corrective action and charge the cost to the Permittee.

Temporary control measures shall be adequately maintained at all times. All temporary control measures shall be removed when they are no longer needed or when the project is complete.

Land development for both private and public projects that meets the requirements for a Stormwater Quality Permit must address stormwater runoff quality through the use of permanent best management practices (BMPs) which shall be maintained in perpetuity. Refer to Section 104-43 of Article III of Article 104 of the Code of Ordinances of Lafayette Colorado for additional information and requirements.

The City may suspend or revoke the Stormwater Permit for violation of any part of the applicable sections of the City of Lafayette Municipal Code of Ordinances.

Any violation of this permit or of the applicable sections of the City of Lafayette Municipal Code of Ordinances is punishable with a fine of up to \$1,000 per offense per day and/or issuance of a stop work order.

## Signature

By signing, I agree that I am responsible for all of the above conditions and associated responsibilities, until such time as a City of Lafayette Closure Permit or a City of Lafayette Transfer Permit has been granted.
