The Recreation Center may be available for practice, but we would like to fill other gym locations first and use the BBRC on as-needed basis as most teams would prefer the location.

We use BVSD gyms for practice and are subject to their rules and schedules. There may be days with limited notification about a closure, or need to share space with another team. We ask for your patience and communication with parents when schedules change. Every effort will be made in making the season as smooth as possible for you. Thank you for volunteering!
